STEPS

You can't see any farther ahead from the second step than you could from the first. But you know you are closer to the top.

And that very aptly describes one aspect of man's quest for spiritual understanding, ONE SUNDAY IN CHURCH DOESN'T MAKE US CHRISTIANS, And sometimes a month of Sundays finds us still struggling with doubts and wrestling with temptations, Prayers don't always seem to have been answered. And parts of the Bible may constantly baffle us.

But the truth of the matter is that every spiritual step we take is exactly that — a step. It may leave our perspective unchanged for the moment. But it is bringing us closer to that higher level of life from which man's vision enlarges.

Until we reach life's spiritual crest, the most important step is always the NEXT. Join the millions who'll climb a little closer to the summit Sunday.
